Happy Mother's Day to all our UC MOMs, GrandMAs and Great Grand MAs God Bless You!!!

The Trial of the Century.....

On February 9, 2007, two Fifth Grade classes of Spreckles Elementary School, accompanied by their teachers, Daniel Logue & Carlos Pacheco and several parents, visited the historic United States Bankruptcy Court for the Southern District of California, at 325 West F Street in downtown San Diego.

The class visit was hosted by University City resident, Bankruptcy Judge John Hargrove. The students participated in a mock bankruptcy trial in Judge Hargrove's courtroom and role played attorneys, clients, witnesses, judge, among others. Following the mock trial, the students were taken on a tour of the beautifully restored 1913 vintage courthouse.

UC comes together for Beautification....

When local citizens come up with an idea to make a community beautiful, and government agencies agree to help with financing and permits, then this is a marriage made in heaven. The new Jacarandas are in place because U.C. Community Association saw a need and the Village Garden Club of La Jolla members, Pam Ingersoll and Pat Miller, co-chairs of the Jacaranda project, answered the need by donating the Jacaranda trees. Councilman Scott Peters' liaison Madeleine Baudoin enlisted the help of

Drew Potocki, City urban forester, Camille Medina, maintenance manager of medians, Salvador Soriano of Aztec Landscaping, Inc., the company that services the medians on Governor Drive. Supervisor Ron Roberts provided the funding for planting and maintenance. Cal Trans landscape architect Larry Fagot oversaw the Park and Ride area with the help of Tim Pruss, a U.C. resident and volunteer landscape architect. Aztec Landscaping generously donated the labor. Sandy Lippe brought everyone together to

That was Then...This is Now...Three Generations...

Ed, his son Bob and grandson John...have lived in UC for 44 years...

For 44 years, the Cox family has resided in UC. Three generations now call it home. Moving from Allied Gardens to a newly constructed house on Ithaca Place in 1963, Ed Cox, his wife Flora Mae, and son Bob were some of the community's first residents. "Friends thought we were moving to the middle of nowhere," laughs Ed. "The only access was Genesee. No 805 or 52 - and Governor Drive didn't go through. And, it took awhile for the promised schools to be built," continues Ed. "Curie was opened the year we moved here, but it was a number of years before a student could attend junior and senior high school right in the neighborhood." Ed, now a widower who will turn 88 the end of May, has enjoyed watching UC grow and prosper. Retired from General Dynamics, and a dedicated volunteer, he is in his 11th year transporting children from Tijuana to the Shriner's Hospital for Children in Los Angeles. Each of the children suffers from burns or crippling diseases.

In a typical year, he makes the 250+ mile round-trip more than 60 times! Son, Bob, met his wife (also a UC resident) while clerking at Big Bear Market. Working first at Bradshaw, and then Big Bear during high school and college, Bob is remembered by many long-time residents for the fun he provided those passing through his check stand. After a number of years in customer service positions with SDG&E and the City of San Diego Water Utilities, Bob, whose home is off Agee, is now the proprietor of an antique business, specializing in wind-up phonographs. Grandson, John, is keeping the UC tradition alive. He and his sister (the mother of the 4th Cox generation, Sean and Harriet, now residing in the Bay Area) were both born at Scripps Hospital. Living on Huggins Street in a house once owned by his maternal grandparents, John, a graduate of University of San Diego High School and Cal State San Marcos, is the marketing strategist for Althea Technologies, a thriving local biotechnology firm.

UCCA has a website which is still under construction but is now online...please visit our website at: www.uccanews.com.

work out details after Anne Bolton got the Village Garden Club together with UCCA. In the near future, UCCA will hold a general meeting to revisit the idea of adding more trees and plants, gateway signs and overall beautification to the community. A few years ago, UCCA enlisted community input in beautifying the medians in front of Standley Park between Mercer and Stadium. However, our Splashwalk project was not implemented for several reasons: lack of funding, complications of installing, and rethinking what the community really wanted; something simpler. Now we have the talents and experience of our community member, Tim Pruss, who is willing to restart the process of designing a plan for U.C. Watch for your opportunity to participate in a UCCA meeting to discuss your ideas about beautification.

(Editor's note: A correction in last month's issue about Village Garden Club; Pam Ingersoll and Pat Miller are co-chairs of Jacaranda Project. Pam Ingersoll is not president of the club.)

Spring is Here....

Let's Clean Up Our Act..

Spring has sprung and the time has come for the **University City Community Association** with the help of "I Love a Clean San Diego", "Keep California Beautiful", and "Recycle San Diego", to sponsor the annual **UC Spring Clean-Up on May 12th, 2007.** The event will be held from 8:00 A.M. to 12 Noon in the Swanson Swimming Pool Parking lot, at 3585 Governor Drive. **Mayor Jerry Sanders** will be in attendance to help UC clean up. So bring your junk and common down.

Only items that can go into the landfill are allowed to be discarded. Items not allowed include hazardous waste, metal (ex. bed frames, fencing), appliances, garden and green waste, tires, electronics, or recyclable items. We are fortunate that this year "Recycle San Diego" will accept electronics such as printers, scanners, fax machines, televisions, VCRs, DVD players, computer monitors, telephones and cellular telephones.

There is usually a charge to recycle these electronic items, but Recycle SD will accept them, this year, without charge. Check out the complete list of items on the Recycle SD website: <http://www.recyclesd.com/eventitems.pdf>

....After disposing of your household discards, join us in cleaning up our sidewalks and medians in University City. Join your neighbors and friends in cleaning up UC while picking up trash and removing weeds. Bring work gloves, sunscreen, and tools such as shovels and hoes. Trash bags will be supplied. **Snacks and refreshments will be provided.**

Did You Know?...

...There is a way to get relief from party houses in your neighborhood. The San Diego Police Department has revised the **CAPP (Community Assisted Party Program)**. The police identify party locations primarily through calls generated by citizen's complaints about noise, crowds, late hours and party duration. To report a loud party in progress, call the police non-emergency number, **619 531-2000.** On the first visit, the police may issue a **First Response Notice**, a written warning that the party is disruptive, and the host must take immediate steps to control the situation. The First Response Notice starts the **CAPP** process.

First Response Notices are tracked by computer. Two or more First Response Notices in a 30 day period or anytime a **Second Response Notice** is issued will result in the house being CAPP'd. A second response to the address may result in the host being charged for the full cost of police resources being used in the second response. This is in addition to all other enforcement options, including arrest, impounding of stereo & amplifier equipment, kegs, etc. Once a house is CAPP'd, the residents and owner are notified the house is CAPP'd for one year, and there is a zero tolerance policy for any future disruptive parties. Per the CAPP brochure, "Under the California Penal Code Section 415.2, 'Any person who willfully disturbs the peace of another by loud and unreasonable noise' is guilty of a misdemeanor punishable by imprisonment in jail and a fine of \$400." "Under the Municipal Code, the person(s) responsible for the event may be held liable for the cost of providing police services...up to \$500."...

...**The San Diego County Board of Supervisors** used tobacco settlement funds to initiate the **Cancer Navigator program.** This program is designed to serve as a central resource for those trying to find local cancer information and services including support groups, clinical trials, treatment centers, etc. Both a website, www.cancernavigator.org and a toll free **Help Line 1-866-324-2648** are available. The website also provides links to national websites. **The Help Line hours** are Monday - Friday from 9:00 a.m. - 5:00 p.m. After hours, callers can reach the American Cancer Society's helpline at 1-800-ACS-2345...

President's Perspective...

Calling all neighbors to join together to give our community a spring cleaning on Sat. May 12th. We will gather at 8:00 A.M. at the Swanson Pool parking lot. Please bring shovels, brooms, pick axes, gloves, small boxes, trowels, and lots of early morning energy. For those of you who do not have readily available tools, bring your good will and desire to pitch in and we will find a task for you! Randy Furhman, Andy Freeburn and Richard Betzenderfer will be ready to put you to work!

Also, if you have any thoughts or suggestions you would like to convey to Mayor Sanders or Councilman Peters, bring those too, since they are rumored to be with us for a couple of hours. No promises, just rumors.

I appreciate the opportunity to be informed about local garage and yard sales via signs posted around the community. I would also appreciate those having the sales taking the time after their events to remove their signs from public areas. This will continue to enhance the beauty of our community!

The April newsletter included an insert of the Spring offerings at the Recreation Center. We hope this was not too heavy or burdensome a task for the loyal army of delivery persons this month. The purpose of this insertion was to get the Spring Events to all community members and reimburse the Association in order to have a continual, ongoing financial base for the future of our newsletter. We still need a few more individuals willing to spend about an hour a month to deliver the newsletter. If you are interested in getting some exercise, getting to know some of your neighbors and getting the news out to the community once a month, please contact Mary Kay Hewitt at mkhewitt@san.rr.com or 858 - 452 - 8158.

Please take the opportunity to join the Association this month and work with us to continue to have a beautiful, safe and clean Community!

Mila Cridlig, our webmaster, has been hard at work on the UCCA website. The site is still under construction but is online and accessible at: www.uccanews.com

International City Bank CEO, Jane Netherton, has generously committed \$5,000 for new street banners for Governor Drive, Regents Road, and Genesee Avenue. Ms. Netherton, who works out of ICB Long Beach office, initially answered the call six years ago to get banners up on these main streets for community identity and beautification. She donated \$10,000 to launch the street banner program when University City Community Association contacted various businesses asking for support of the project.

International City Bank, located at 3939 Governor Drive, has made a community commitment since 1984 when it first opened its doors. Jane Netherton has always maintained that she feels it is important to give back to the community. Barbara Henshaw, UCCA banner chair, is hoping to have new street banners go up in June. She is working with a graphic artist who has designed many street banners. The community is extremely appreciative of this gesture.

And the Winner is.....

The overall winner was **Isabel Elghanian** from Ms. Wheeler's 4th grade class at Doyle school. Other winners were **Ian Austin** and **Erica Wang** from Curie school, and **David Traganza** and **Darina Zhang** from Doyle school. Isabel Elghanian's essay is entered in the citywide essay contest, and three grand prize winners will be announced at a ceremony to be held May 3rd in Balboa Park.
